 - to your for-tune no - bo - dy and least of all me me

T.
 - to your for-tune no - bo - dy and least of all me me

Take what you want from me

Take what you can

And then hide it somewhere I can't see

Out of my hands

Do what it takes to make you feel better

Never forget that you

You're nobody's man

Huh - uh - uh x 4

I love the way you set me off

With a stroke of your hand

And your puzzled look when we make love

That you don't understand

But nothing I've got will make you feel better

At the break of dawn you'll still

Be nobody's man

Chorus...

So come and lay by my side

In my castle of sand

Let's love til the early tide

Breaks down the dam

Stay if you want for worse or for better

But never forget that you

You're nobody's man

Chorus...

Huh - uh - uh x 4
